

TEBEOGRAFÍA DE JOSÉ LUIS GARCÍA LÓPEZ

Se citan, por orden de fecha de publicación, todas las obras conocidas de García López, cuya participación se destaca en negrita. En las ocasiones en las que García López sólo ha realizado una de las historias de la publicación, se menciona el título de ésta y el número de páginas. Siempre que no se haga, se supondrá que corresponde a la historia principal.

Sólo se han reseñado las ediciones españolas de las historietas originales, y se hace entre corchetes, bajo la indicación del título original. Así pues, no se han mencionado las ediciones de Novaro que durante un tiempo se distribuyeron también en España, pese a ser también ediciones en idioma castellano.
